REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The Examiner notes that the application is an RCE of the previously allowed application, the present application further including an IDS listing five documents. The only one of these which the Examiner believes merits any comment is Wideman et al, US 3,842,832 which discloses a stretch bandage having outer layers of nonwoven directionally oriented materials 15 (e.g. Col 1, lines 16-18). However, these nonwoven layers sandwich a foam core 13 and unlike the present invention are not fibrous reinforcing material dispersed throughout the polymeric foam material as required by applicants' claim 1, nor can the Examiner see any motivation for making such a structural modification, whether the reference is taken individually, or in combination with Kreckel et al as a substitute for Joseph et al. This being the case, the reference is clearly in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is 571-272-1486. The examiner can normally be reached on 5-4-8:30-6:00.
